GORE'S LETTER TO BLIND PUPILS

Oklahoma Senator Sends Ray of
Cheer Into Lives of Sightless
Children.

New York, April 14.—The following letter from Senator Thomas P. Gore of Oklahoma to the blind pupils in New York public schools was read to them by their teachers today:

"My Dear Little Friends: This note will bring you greetings and a message from one who has the highest and the most confident hope both for your happiness and your good fortune. If you are undismayed by difficulties and triumph over them your victory will be enhanced both in its worth and in its glory. Sincerely your friend,

"THOMAS P. GORE."

Accompanying the letter, which will be printed for the pupils in raised letters with an embossed facsimile of the Senator's signature at the bottom, was a brief note of explanation from the superintendent of schools.

"Senator Gore lost the use of his eyes when he was a child," said Supt. Maxwell, "but in spite of this affliction he has made himself a man of culture and a power in his state. He is now a member of the senate of

You Mothers Who Have a Real Boy

Here are real clothes. Not the fussy, fancy, impractical kind; but good, staunch, substantial garments with style and durability.

These are XTRAGOOD clothes. The real boy, with all his pranks, can't harm them.

The trousers are lined throughout. A rip or a tear is a thing unheard of. Then there is a fullness that makes it impossible for the boy to stretch them out of shape.

Style comes natural in clothes made like XTRAGOOD. The proportion and shape given the clothes by the tailors who make them remain a part of the garments to the end.

Only one store in town sells XTRAGOOD. That's this store. The new Spring styles are here now. Prices will attract you as much as the clothes. Both are right.

John O'Brien
of Lehigh, Coal County

Announces as candidate for Demo-
cratic nomination for District Mine
Inspector for State District No. 1.
John O'Brien, for 20 years known
to his host of friends as "Jack" has
received endorsements from eight lo-
cals, United Mine Workers of Amer-
ica, Lehigh, Midway, Phillips, Coal-
gate, North Coalgate, Wilburton, (3
locals), who speak of him in the fol-
lowing splendid terms.
"Brother John O'Brien of Lehigh,
Coal county, Okla., having made it
known that he will be a candidate for

the office of District Mine Inspector
for District Number One, of Oklaho-
ma, therefore we hereby endorse him
as a capable man. He is 45 years
old, has worked in the Coal Mines
of Pennsylvania, Missouri, Kansas
and Oklahoma, and has been employ-
ed at Lehigh, Okla., as a practical
miner 18 years, he is therefore thor-
oughly practical and lawfully qual-
ified for the place. Brother O'Brien is

Signed and sealed by above Locals.

Lehigh, Okla., March 1, 1910.
To the Voters of Oklahoma:

I am pleased to add my hearty en-
dorsement to the splendid ones given
my townsman and friend, John
O'Brien, who seeks the Democratic
nomination for District Mine Inspec-
tor for District No. 1. I have known
him 18 years, and no cleaner better
citizen ever resided in any town, and
he is universally popular with all
who know him. He is sober, con-
servative, quiet in his demeanor, and
if there is a man in this section who
has no enemies it is John O'Brien. I
feel no hesitation in commending him
to the Democrats and voters of Ok-
lahoma. Very truly,

SENSATIONAL PLEA TO SET DIVORCE ASIDE

Enid, Okla., April 13.—One of the
most sensational suits ever filed in
this portion of the state is that
brought in the district court here by
Mrs. Edyth A. Butler against Silas
A. Butler, a former banker at Wau-
gomis in which she asks the court to
set aside the decree of divorce granted
her husband.

Butler is wealthy and at the time
the divorce was granted an unsuccess-
ful attempt was made to keep it a
secret. The Butlers were married in
Comanche county in 1902. They
have one child, a boy five years old.
Mrs. Butler alleges that when she
and Butler became engaged he repre-
sented himself to her as a single man
but that later she discovered he was
married and had one child. On as-
certaining these facts she tried to
break the engagement, but Butler,
she says, pleaded with her not to do
so, and that after a time he secured
a divorce and married her.

At the time of their marriage Butler
was in the banking business at
Ringwood, Oklahoma, but shortly af-
terward took a claim in Greer coun-
ty. Mrs. Butler took care of the claim
while Butler conducted a loan agency.
Later, she claims, he sold the claim
and pocketed the proceeds.

No Success on Stage.
Mrs. Butler had ability as an elo-
cutionary reader and her husband
was a talented singer. When they
thought this over they decided to
go on the stage together and finally
went to New York. Failing to meet
with success they were compelled to
abandon the project. Returning to
Oklahoma Butler engaged in the
banking business at Waugomis. Sour-
ed and disappointed, according to
Mrs. Butler, he became sullen and
morose, treating her cruelly.

Her condition became such that it
was necessary to remove her to Win-
field, Kansas, and while she was ly-
ing there ill, abandoned and near
death's door, her husband came to
her and told her he had filed suit
for divorce. He asked her for a
waiver or appearance which would
result in granting a decree of di-
vorce for Butler. She spurned his of-
fer and he went away.

Disbelieves in Marriage.
Later, while she was still ill, she
received a letter from him which
contained the following:

"I do not believe in marriages. It
is a curse. * * * I firmly believe
that the time is coming when it will
be a relic of barbarism. * * * My
freedom I want and will have it if
I have to get it by self-destruction."
Afterward, she alleges, she met
Butler in Enid, when he shook his
fist in her face. On account of his
threats and promises and half-crazed
with pain and despair, she signed the
papers he had demanded.

According to Mrs. Butler the evi-
dence he presented at the trial of the
case was false and Butler was en-
amored of another woman whom he
intended to make his wife.

WEST ASKS COUNTIES TO DEFEND RAILROAD SUITS

Guthrie, Okla., April 14.—Attorney
General West has written letters to
the county attorneys of the various
counties affected by the railroad tax
suits recently filed in the federal
court here, requesting that the coun-
ties themselves defend these suits.
He states that the acts of the state
board of equalization are not
brought into question, as in some
of the suits previously filed, and
that there is no occasion for him to
appear on behalf of the various coun-
ties.

THREE HELD FOR BANK ROBBERY

With \$1,582 in Bags of Bank of Har-
rold, Accused Men Are Caught
by Deputy.

Frederick, Okla., April 14.—Deputy
Sheriff Robert Carlyle today cap-
tured Alton Hinglass, Robert Huntley
and John Burrows, the men supposed
to have been the robbers who looted
the bank of Harrold, Tex., early Wed-
nesday morning.

Alton was taken near Tipton and
the other two men were caught at
Humphries, just across the North
Fork river, in Jackson county.

Nearly half of the money taken was
in silver and \$1,582 was found on the
men when captured. The bags in
which they were carrying the silver
bore the name of the bank.

All of the accused refused to make
any statement.

Acting under instructions of Sher-
iff Williams of Wilbarger county,
Texas, Tillman county officers
brought the prisoners to a point near
the city and it is believed here to-
night that their intention is to spirit
them across the state line without
requisition papers.

The bank at Harrold was robbed
of \$3,000 about 2 o'clock Wednesday
morning.

George Tucker of Lula, is in the city mingling with county seat friends and transacting business. Mrs. Whitmore invites her friends to see her select shipment which will arrive not later than Saturday morning. Prices will be found more reasonable than ever.

The Pastime will give a big double show at the Saturday matinee with the Eckert family in a new musical program. All children of school age 5 cents. Adults 10 cents.

We acknowledge receipt of a mess of Irish potatoes of this year's growth from our old-time friend, Judge Clarke Lindsey of Fitzhugh. This splendid farmer always has plenty to eat of his own growing.

Saturday night will be a grand night at the Pastime. It will be the closing night of the Eckert musical family's engagement here. This family will put on an entire change of musical program. The animated pictures will be the finest of the unequalled new Independents and the management is making preparations for the biggest night of the week.

The musical Eckert family are drawing packed houses at the Pastime. Lovers of high-class music are enjoying a rare treat by this family of cultured musicians. To hear Miss Hazel Eckert the graceful young lady violinist once makes one anxious to hear her again. Saturday night closes their engagement at the Pastime. All should avail themselves of the opportunity to hear this superb music.

R. Hubbell and H. A. Kroeger, prominent citizen of Francis were in Ada yesterday attending to business matters.

O. S. Lindsey, one of the best farmers in the county, was in town today from Fitzhugh and favored this office with a visit.

Why send away for your sheet music when you can get it at L. T. Walters for the same price. If I do not have it I can get it.

G. J. Queen of Tulsa, is in the city with a view towards making several investments as he states that the future of Ada looks good to him.

Returned From Sad Trip.

J. F. Jackson has just returned from Mulberry, Arkansas, where he has been upon the sad duty of attending the funeral of his mother, who died April 7th from the effects of a severe fall which she received last February, causing internal trouble which resulted in complications causing her death. Mrs. Jackson was 74 years of age and had not been sick a day for over a year up to the time that she was hurt. She leaves a husband and nine children, she being the mother of twelve, three of whom are dead.

BANQUET AND BALL.

Given at Hotel Donaghey at Allen Last Night Was a Grand Success.

Reports from the opening banquet and ball given at the Donaghey hotel at Allen last night indicates that the affair was a great success and all those attending enjoyed themselves to the limit. There were none of the state candidates present but all candidates for county office were there mixing with the boys and getting acquainted. At the banquet there were plates laid for over two hundred guests after which they adjourned to the ball room where they continued to enjoy themselves until the wee sma' hours this morning.

Tom McKeown and Robert Rainey made short talks which were agreeably received by all present. There was a large delegation from Ada but up to going to press none of them have returned, therefore we are of the opinion that they were "out" rather late.

HEALTH HINTS.

That proclamation of the mayor reminds me it is time to speak again about FLIES and MOSQUITOES. These are the great enemies to health as well as to comfort. Why not make that proclamation DEFINITE enough to cover the fly and the mosquito, and especially the FLY right now—the HOUSE FLY, the domestic fly, the musca domestica of the books, the typhoid fly of Dr. Howard. Let's wage war on the fly, a war of extermination. But where shall we begin? An ounce of prevention is worth many POUNDS of cure. Let's begin on his HATCHING places. The fly does not breed in tin cans, paper bags and trash piles, but in MANURE. To prevent the FLY we must clean up, or cover up all excrement. It must be put into a closed vessel, or treated with lime or some other insecticide every day or two, not once a year, or even once a month. "Use lime every time" should be the motto written on every horse stable, cow stall and privy in the town, and then let your "sanitary policeman" see that it is done. In our lesson yesterday morning we were told by the author of a very excellent book, "No man has the right (and ignorance can not be pleaded as an excuse to allow things to be bred upon his premises that may cause damage to his neighbor." The FLY will surely cause damage to my neighbor, THEREFORE, let us break up all breeding places of FLIES. But all are not going to do this, and here is where community interest comes in, and municipal authority must take hold. G. T. HOWERTON, E. C. S. Normal School.

The Kill Kie Club.

Miss Fulton entertained the Kill Kie Club at the home of Mrs. Bills yesterday afternoon. The time was spent in playing 42 and a pleasant time is reported by all the guests present.

An elegant two course luncheon was served.

Those present were Mesdames Chaney, Miller, Briles, Ligon and Sledge.

Oklahomans at Harris.

Help the Enumerator.

An army of 70,000 enumerators will commence work today taking the 1910 census. The enumerators, who are under oath for secrecy and full performance of duty in obtaining fully all the statistics as to population, etc., cannot prove worthy of the trust if you do not assist. You may be first questioned. Will you be in readiness with the desired information?

The questions are not of his prompting but of his superiors to whom he must make complete report. There should be no hesitancy in answering as you will appreciate. Every one person increases the total in population, every one head returned of live stock will insure interest, every one factor in the report of agriculture will awaken a desire to investigate the possibilities of Pontotoc county, therefore you should lend individual and united aid.

Oklahoma Man Whips Fifteen.

H. W. Sheridan, Southern Pacific superintendent in California, who was known as a fighting railroad man when he worked as a telegraph operator in Oklahoma, whipped fifteen hoboos Wednesday in a fist fight at Sacramento, Cal.

Sheridan was riding in a special train, inspecting the road. He saw a gang of hoboos burning ties on the right-of-way. He stopped the special train to investigate.

A Hot Scrap.

One of the tramps who appeared to be the leader, objected to the intrusion, whereupon Sheridan knocked him down. That precipitated a free-for-all fight and Sheridan found himself battling single-handed with fifteen brawny knights of the road.

Before the train crew could reach the scene Sheridan, with kicks and blows, had routed the entire crowd. The leader was knocked down four times. Sheridan used to be a brakeman in Utah and Nevada and he was a terror to the hoboos of the West.

Tells of Sheridan.

H. C. Robinson, local manager for the Western Union Telegraph company, is an old personal friend of Sheridan. "Sheridan is one of the most remarkable men I ever knew," he said Wednesday. "A long time ago when he was an express messenger he had the reputation of carrying his money on a shelf in the car and his boxing gloves in the safe."

"Still later as a freight conductor it was said of him that any one could ride on his train who would box ten rounds with him. About five years ago he drifted into Oklahoma City broke."

"I gave him a job as a telegraph operator and he worked about six months. He went from here to Texarkana, Tex., as trainmaster for the Missouri Pacific. He was later made yard master and still later went to Sacramento as assistant superintendent for the Southern Pacific. He has recently been promoted to superintendent."

"Sheridan stands six feet four in his stocking feet, weighs 240 pounds and is composed solely of bone, nerve and muscle."—Oklahoma City Times.

Roller Wins Easily.

Tulsa, April 14.—Dr. B. F. Roller, of Seattle, Wednesday night won two straight falls from young Hackenschmidt. The first fall was in 39 minutes with the hammer lock and head hold, and the second fall was in 8 minutes with a crotch and head hold.

Roller accepted the challenge of Oscar Wasseem of Wichita, Kansas, who stated from the stage Wednesday night that he had been following roller, unable to get a match with him. Roller agrees to throw him twice in 45 minutes in Tulsa, April 18.

Roller accepted the challenge of George Hackenschmidt, the Russian giant, to meet him in Sidney, Australia, December 24.

Lone Wolf Sufferer.

Lone Wolf, Okla., April 14.—Five residences and about 15 barns and outhouses were practically demolished by the terrific windstorm, accompanied by a heavy rain, that struck here Wednesday night.

Only two persons were injured. Mrs. Gertrude Hartzog suffered a sprained ankle, and Charles Adams was seriously cut and bruised and his arm broken when his one-story house was blown over while he was inside.

The total estimated loss is only about \$1,500. No cattle were injured by the falling barns, and most of the buildings destroyed were of comparatively little value.

James Whitewright, with his wife and three children, ranging in age from five months up to 12 years, was driven from his home and forced to seek the shelter of a neighbor's roof.

For several hours after the rain started the town was in the grip of the wind and rain. Many flocked into the streets, preferring to become drenched rather than risk staying in their homes.

No hail accompanied the rain, and crops were vastly benefitted by the down pour. There are no signs of a further storm.

Girl Aged Ten a Mother.

Chicago, April 13.—Officials of the juvenile court Tuesday began an investigation of the case of Annie Epps 10 years old, who gave birth to a girl baby at the county hospital several days ago. It was reported that the young mother and child were doing well.

The young mother's age has been investigated and it has been shown absolutely that she is just 10 years old, said a physician at the hospital. She is one of the youngest mothers known in this part of the world.

INTERSTATE CARRIERS

GO TO SUPREME COURT

Guthrie, Okla., April 14.—The interstate carriers doing business in Oklahoma Wednesday appealed to the supreme court of the state from the order of the corporation commission requiring them to establish general offices in the state by June 1. The corporation commission denied the application of the roads for a supersedeas order holding the order in abeyance pending appeal and the railroads ask the supreme court to issue such an order.

The railroads set up that the order violates the fourteenth amendment to the constitution and the commerce cause of the federal constitution requiring separate and distinct set of accounts and attempts to vest the authority of a general manager in the hands of a mere local agent, which is declared to be unreasonable and unjust.

Cloudburst and Windstorm.

Tuttle, Okla., April 14.—The worst
cloudburst and wind storm ever seen
in this part of the country struck this
place, at 5:20 Wednesday afternoon,
demolishing one church building, ser-
iously damaging two more, wrecking
the brick wall of a building under
construction and literally flooding the
entire town. The damage done to
property is estimated at about \$5,-
000.
The Methodist church is a total
wreck, as the building was first moved
from its foundation after which the
walls collapsed, crushing and
demolishing the pews and other
furnishings. The Christian church re-
mained erect, but is moved off the
foundation and the floor is sunken.
It is not believed it will be possible
to repair it so it will be safe for

public use. The Baptist church was
moved about eight inches off the
foundations at the rear end, but it
can be repaired with but little ex-
pense. Other church buildings are
uninjured.

The east wall of the Barker brick
building, now under construction was
demolished or practically so as about
half the wall was blown over. The
rainfall was terrific, about 11 inches
of water falling in the first 30 min-
utes. The rain continued through-
out the night and the total water fall
was very heavy.

The rainfall in town is reported
to have been heavier than elsewhere,
and it is reported that all crops are
practically uninjured.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease
caused by a microbe which also pro-
duces baldness. Never use a comb
or brush belonging to some one else.
No matter how cleanly the owner
may be, these articles may be in-
fected with microbes, which will in-
fect your scalp. It is far easier to
catch hair microbes than it is to get
rid of them, and a single stroke of
an infected comb or brush may well
lead to baldness. Never try on any-
body else's hat. Many a hatband is
a resting place for microbes.

If you happen to be troubled with
dandruff, itching scalp, falling hair
or baldness, we have a remedy which
we believe will completely relieve
these troubles. We are so sure of
this that we offer it to you with the
understanding that it will cost you
nothing for the trial if it does not
produce the results we claim. This
remedy is called Rexall "93" Hair
Tonic. We honestly believe it to be
the most scientific remedy for scalp
and hair troubles, and we know of
nothing else that equals it for ef-
fectiveness, because of the results it
has produced in thousands of cases.

Rexall "93" Hair Tonic is devised
to banish dandruff, restore natural
color when its loss has been brought
about by disease, and make the hair
naturally silky, soft and glossy. It
does this because it stimulates the
hair follicles, destroys the germ mat-
ter, and brings about a free, healthy
circulation of blood, which nourishes
the hair roots, causing them to tight-
en and grow new hair. We want ev-
erybody who has any trouble with
hair or scalp to know that Rexall
"93" Hair Tonic is the best hair tonic
and restorative in existence, and no
one should scoff at or doubt this
statement until they have put our
claims to a fair test, with the under-
standing that they pay us nothing
for the remedy if it does not give
full and complete satisfaction in ev-
ery particular. Two sizes, 50 cents
and \$1.00. Remember you can obtain

You Can Be a Better Cook

It isn't all in the "knack." The utensils you use go a long way toward making your
food fine and appetizing or ill-cooked and indigestible.

It's impossible to make the best cookery in utensils that quickly scorch or crack and
scale off, rust and corrode. And such utensils are dangerous. Authorities say that
cancer comes of eating particles of glass chipped off from ordinary enamel ware when hot.

The heat expands the iron frame but the coating of glass—which is all enamel ware is—
does not expand so fast, consequently it breaks and gets mixed with the food.

There is no such danger from food cooked in up-to-date

"1892" Pure Spun Aluminum Ware

It can not crack, peel nor chip. It will not rust,
corrode, nor spoil food, and with harder use it
lasts years longer than any other ware.

We Guarantee It for 15 Years

"1892" PURE SPUN ALUMINUM is the ideal ware for all kitchen utensils—
permanently bright and beautiful as silver, but many times lighter—making
it convenient to handle. Heats quickly but does not quickly burn dry. Easy
to clean and care for.

"1892" Pure Aluminum utensils have all the advantages of every other kind besides
several that are exclusive.

And with all these added advantages over all other utensils "1892" Pure Spun Alumi-
num Ware costs but a trifle more.

You Mothers Who Have a Real Boy

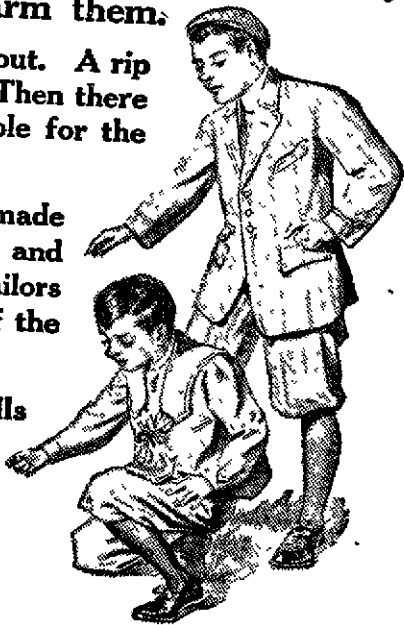

Here are real clothes. Not the fussy, fancy, impractical kind; but good, staunch, substantial garments with style and durability.

These are XTRAGOOD clothes. The real boy, with all his pranks, can't harm them.

The trousers are lined throughout. A rip or a tear is a thing unheard of. Then there is a fullness that makes it impossible for the boy to stretch them out of shape.

Style comes natural in clothes made like XTRAGOOD. The proportion and shape given the clothes by the tailors who make them remain a part of the garments to the end.

Only one store in town sells XTRAGOOD. That's this store. The new Spring styles are here now. Prices will attract you as much as the clothes. Both are right.

C. R. Drummond, Clothier For Men

The people of Ada have the rare opportunity of hearing Hon. Wm. H. Murray lecture tonight at the High school auditorium. Mr. Murray comes by invitation of President Briles of the Normal. The invitation was extended with no purpose or intention of furthering Mr. Murray's political aspirations but for the reason that the institutional life of the state and especially the educational institutions bear distinctly the impress of Mr. Murray's personality and influence. As president of the constitutional convention and speaker of the House of the first legislature he took a prominent and active part in everything pertaining to the educational system of the state.
Mr. Murray has already visited the State University, the Agricultural and Mechanical College and the other Normal schools for the purpose of giving further study to the educational system of the state to the end that he may as a private citizen or in whatever official position he may occupy, lend his influence to an effort to further unify and systematize the educational forces of this state.

GORE'S LETTER TO BLIND PUPILS

Oklahoma Senator Sends Ray of Cheer Into Lives of Sightless Children.

New York, April 14.—The following letter from Senator Thomas P. Gore of Oklahoma to the blind pupils in New York public schools was read to them by their teachers today: "My Dear Little Friends: This note will bring you greetings and a message from one who has the highest and the most confident hope both for your happiness and your good fortune. If you are undismayed by difficulties and triumph over them your victory will be enhanced both in its worth and in its glory. Sincerely your friend, "THOMAS P. GORE"

Accompanying the letter, which will be printed for the pupils in raised letters with an embossed facsimile of the Senator's signature at the bottom, was a brief note of explanation from the superintendent of schools. "Senator Gore lost the use of his eyes when he was a child," said Supt. Maxwell, "but in spite of this affliction he has made himself a man of culture and a power in his state. He is now a member of the senate of

To the Voters of Oklahoma

I am pleased to add my hearty en-
dorsement to the splendid ones given
my townsman and friend, John
O'Brien, who seeks the Democratic
nomination for District Mine Inspec-
tor for District No. 1. I have known
him 18 years, and no clearer better
citizen ever resided in any town, and
he is universally popular with all
who know him. He is sober, con-
servative, quiet in his demeanor, and
if there is a man in this section who
has no enemies it is John O'Brien. I
feel no hesitation in commending him
to the Democrats and voters of Ok-

SENSATIONAL PLEA TO SET DIVORCE ASIDE

Enid, Okla., April 13.—One of the
most sensational suits ever filed in
this portion of the state is that
brought in the district court here by
Mrs. Edyth A. Butler against Elias
A. Butler, a former banker at Wau-
gonis in which she asks the court to
set aside the decree of divorce granted
her husband.

Butler is wealthy and at the time
the divorce was granted an unsuccess-
ful attempt was made to keep
it a secret. The Butlers were married
in Comanche county in 1902. They
have one child, a boy five years old.
Mrs. Butler alleges that when she
and Butler became engaged he repre-
sented himself to her as a single man
but that later she discovered he was
married and had one child. On as-
certaining these facts she tried to
break the engagement but Butler
she says pleaded with her not to do
so and that after a time he secured
a divorce and married her.

At the time of their marriage But-
ler was in the banking business at
Ringwood Oklahoma but shortly af-
terward took a claim in Greer county.
Mrs. Butler took care of the claim
while Butler conducted a loan agency.
Later she claims, he sold the claim
and pocketed the proceeds.

No Success on Stage.
Mrs. Butler had ability as an elo-
cutionary reader and her husband
was a talented singer. When they
thought this over they decided to
go on the stage together and finally
went to New York. Failing to meet
with success they were compelled to
abandon the project. Returning to
Oklahoma Butler engaged in the
banking business at Wagonis. Soured
and disappointed according to
Mrs. Butler, he became sullen and
morose treating her cruelly.

Her condition became such that it
was necessary to remove her to Win-
field, Kansas, and while she was ly-
ing there ill, abandoned and near
death's door, her husband came to
her and told her he had filed suit
for divorce. He asked her for a
waiver or appearance which would
result in granting a decree of di-
vorce for Butler. She spurned his offer
and he went away.

Disbelieves in Marriage.
Later, while she was still ill, she
received a letter from him which
contained the following:

"I do not believe in marriages. It
is a curse. I firmly believe
that the time is coming when it will
be a relic of barbarism. My
freedom I want and will have it if
I have to get it by self-destruction."
Afterward, she alleges, she met
Butler in Enid, when he shook his
fist in her face. On account of his
threats and promises and half-crazed
with pain and despair she signed the
papers he had demanded.

According to Mrs. Butler the evi-
dence he presented at the trial of the
case was false and Butler was en-
amored of another woman whom he
intended to make his wife.

WEST ASKS COUNTIES TO DEFEND RAILROAD SUITS

Guthrie, Okla., April 14.—Attorney
General West has written letters to
the county attorneys of the various
counties affected by the railroad tax
suits recently filed in the federal
court here, requesting that the coun-
ties themselves defend these suits.
He states that the acts of the state
board of equalization are not
brought into question, as in some
of the suits previously filed, and
that there is no occasion for him to
appear on behalf of the various coun-
ties.

Ed O. Cassidy, Secretary to the Commissioner of the Land Office.

Returned From Sad Trip.

J. F. Jackson has just returned from Mulberry, Arkansas, where he has been upon the sad duty of attending the funeral of his mother, who died April 7th from the effects of a severe fall which she received last February, causing internal trouble which resulted in complications causing her death. Mrs. Jackson was 74 years of age and had not been sick a day for over a year up to the time that she was hurt. She leaves a husband and nine children, she being the mother of twelve, three of whom are dead.

BANQUET AND BALL.

Given at Hotel Donaghey at Allen Last Night Was a Grand Success.

Reports from the opening banquet and ball given at the Donaghey hotel at Allen last night indicates that the affair was a great success and all those attending enjoyed themselves to the limit. There were none of the state candidates present but all candidates for county office were there mixing with the boys and getting acquainted. At the banquet there were plates laid for over two hundred guests after which they adjourned to the ball room where they continued to enjoy themselves until the wee sma' hours this morning.

Tom McKeown and Robert Rainey made short talks which were agreeably received by all present.

There was a large delegation from Ada but up to going to press none of them have returned, therefore we are of the opinion that they were "out" rather late.

HEALTH HINTS.

That proclamation of the mayor reminds me it is time to speak again about FLIES and MOSQUITOES. These are the great enemies to health as well as to comfort. Why not make that proclamation DEFINITE enough to cover the fly and the mosquito, and especially the FLY right now—the HOUSE FLY, the domestic fly, the musca domestica of the books, the typhoid fly of Dr. Howard. Let's wage war on the fly, a war of extermination. But where shall we begin? An ounce of prevention is worth many POUNDS of cure. Let's begin on his HATCHING places. The fly does not breed in tin cans, paper bags and trash piles, but in MANURE. To prevent the FLY we must clean up, or cover up all excrement. It must be put into a closed vessel, or treated with lime or some other insecticide every day or two, not once a year, or even once a month. "Use lime every time" should be the motto written on every horse stable, cow stall and privy in the town, and then let your "sanitary policeman" see that it is done. In our lesson yesterday morning we were told by the author of a very excellent book, "No man has the right (and ignorance can not be pleaded as an excuse to allow things to be bred upon his premises that may cause damage to his neighbor." The FLY will surely cause damage to my neighbor, THEREFORE, let us break up all breeding places of FLIES. But all are not going to do this, and here is where community interest comes in, and municipal authority must take hold.

G. T. HOWERTON, E. C. S. Normal School.

The Kill Kite Club.

Miss Fulton entertained the Kill Kite Club at the home of Mrs. Billis yesterday afternoon. The time was spent in playing 42 and a pleasant time is reported by all the guests present.

An elegant two course luncheon was served.

Those present were Mesdames Chaney, Miller, Brites, Ligon and Sledge.

Oklahomans at Harris.

Al Cook, J. W. Benedict, T. H. Smith, Mrs. E. M. McDonald, S. L. Haskins, A. H. Volkenour, J. H. Hopkins, R. H. Danton, Oklahoma City, Geo. W. Cullett, McAlester; O. H. Wiggen, McAlester; R. M. Alexander, Muskogee; W. W. Fuller, Muskogee; Geo. W. Waters, Shawnee; O. K. Lawrence; D. V. McClure, Sulphur; Geo. P. Walker, Francis; H. Linch, Shawnee.

Help the Enumerator.

An army of 70,000 enumerators will commence work today, taking the 1910 census. The enumerators, who are under oath for secrecy and full performance of duty in obtaining fully all the statistics as to population, etc., cannot prove worthy, of the trust if you do not assist. You may be first questioned. Will you be in readiness with the desired information?

The questions are not of his prompting but of his superiors to whom he must make complete report. There should be no hesitancy in answering as you will appreciate. Every one person increases the total in population, every one head returned of live stock will insure interest, every one factor in the report of agriculture will awaken a desire to investigate the possibilities of Pontotoc county, therefore you should lend individual and united aid.

Oklahoma Man Whips Fifteen.

H. W. Sheridan, Southern Pacific superintendent in California, who was known as a fighting railroad man when he worked as a telegraph operator in Oklahoma, whipped fifteen hoboes Wednesday in a fist fight at Sacramento, Cal.

Sheridan was riding in a special train, inspecting the road. He saw a gang of hoboes burning ties on the right-of-way. He stopped the special train to investigate.

A Hot Scarp.

One of the tramps who appeared to be the leader, objected to the intrusion, whereupon Sheridan knocked him down. That precipitated a free-for-all fight and Sheridan found himself battling single-handed with fifteen brawny knights of the road.

Before the train crew could reach the scene Sheridan, with kicks and blows, had routed the entire crowd. The leader was knocked down four times. Sheridan used to be a brakeman in Utah and Nevada and he was a terror to the hoboes of the West.

Tells of Sheridan.

H. C. Robinson, local manager for the Western Union Telegraph company, is an old personal friend of Sheridan. "Sheridan is one of the most remarkable men I ever knew," he said Wednesday. "A long time ago when he was an express messenger he had the reputation of carrying his money on a shelf in the car and his boxing gloves in the safe."

"Still later as a freight conductor it was said of him that any one could ride on his train who would box ten rounds with him. About five years ago he drifted into Oklahoma City broke."

"I gave him a job as a telegraph operator and he worked about six months. He went from here to Texarkana, Tex., as trainmaster for the Missouri Pacific. He was later made yard master and still later went to Sacramento as assistant superintendent for the Southern Pacific. He has recently been promoted to superintendent."

"Sheridan stands six feet four in his stocking feet, weighs 240 pounds and is composed solely of bone, nerve and muscle."—Oklahoma City Times.

The young mother's age has been investigated and it has been shown absolutely that she is just 10 years old, said a physician at the hospital. She is one of the youngest mothers known in this part of the world.

At the adjourned meeting of the council last night, all members were present. The resignation of Councilman Hill was accepted and T. P. Holt was appointed to fill the vacancy.

Walter Goynes was elected night watchman until May 1 to fill the unexpired term of Lem Mitchell who resigned.

The following ordinances were passed: An ordinance defining certain offenses against public places such as defacing, etc. An ordinance prohibiting cruelty to animals. An ordinance creating office of city auditor. An ordinance defining assault and battery and assessing penalty. An ordinance prohibiting drunkenness in city limits. An ordinance regulating the keeping of stallions.

Motion passed by council that street commissioner be instructed to put tile across 17th street near the A. M. Gregg property to carry off water that is backed upon sidewalk. Adjourned.

Roller Wins Easily.

Tulsa, April 14.—Dr. B. F. Roller, of Seattle, Wednesday night won two straight falls from young Hackenschmidt. The first fall was in 39 minutes with the hammer lock and head hold, and the second fall was in 8 minutes with a crotch and head hold.

Roller accepted the challenge of Oscar Wassam of Wichita, Kansas, who stated from the stage Wednesday night that he had been following roller, unable to get a match with him. Roller agrees to throw him twice in 45 minutes in Tulsa, April 18.

Roller accepted the challenge of George Hackenschmidt, the Russian giant, to meet him in Sidney, Australia, December 24.

Lone Wolf Sufferer.

Lone Wolf, Okla., April 14.—Five residences and about 15 barns and outhouses were practically demolished by the terrific windstorm, accompanied by a heavy rain, that struck here Wednesday night.

Only two persons were injured. Mrs. Gertrude Hartzog suffered a sprained ankle, and Charles Adams was seriously cut and bruised and his arm broken when his one-story house was blown over while he was inside.

The total estimated loss is only about \$1,500. No cattle were injured by the falling barns, and most of the buildings destroyed were of comparatively little value.

James Whitewright, with his wife and three children, ranging in age from five months up to 12 years, was driven from his home and forced to seek the shelter of a neighbor's roof.

For several hours after the rain started the town was in the grip of the wind and rain. Many flocked into the streets, preferring to become drenched rather than risk staying in their homes.

No hail accompanied the rain, and crops were vastly benefited by the down pour. There are no signs of a further storm.

Cloudburst and Windstorm.

Tuttle, Okla., April 14.—The worst
cloudburst and wind storm ever seen
in this part of the country struck this
place, at 5:20 Wednesday afternoon,
demolishing one church building, ser-
iously damaging two more, wrecking
the brick wall of a building under
construction and literally flooding the
entire town. The damage done to
property is estimated at about \$5,-
000.

The Methodist church is a total
wreck, as the building was first mov-
ed from its foundation after which
the walls collapsed, crushing and
demolishing the pews and other
furnishings. The Christian church re-
mained erect, but is moved off the
foundation and the floor is sunken.
It is not believed it will be possible
to repair it so it will be safe for

public use. The Baptist church was
moved about eight inches off the
foundations at the rear end, but it
can be repaired with but little ex-
pense. Other church buildings are
uninjured.

The east wall of the Barker brick
building, now under construction was
demolished or practically so as about
half the wall was blown over. The
rainfall was terrific, about 11 inches
of water falling in the first 30 min-
utes. The rain continued through-
out the night and the total water fall
was very heavy.

The rainfall in town is reported to
have been heavier than elsewhere,
and it is reported that all crops are
practically uninjured.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally
Caused by Carelessness.

Dandruff is a contagious disease
caused by a microbe which also pro-
duces baldness. Never use a comb
or brush belonging to some one else.
No matter how cleanly the owner
may be, these articles may be in-
fected with microbes, which will in-
fect your scalp. It is far easier to
catch hair microbes than it is to get
rid of them, and a single stroke of
an infected comb or brush may well
lead to baldness. Never try on any-
body else's hat. Many a hatband is
a resting place for microbes.

If you happen to be troubled with
dandruff, itching scalp, falling hair
or baldness, we have a remedy which
we believe will completely relieve
these troubles. We are so sure of
this that we offer it to you with the
understanding that it will cost you
nothing for the trial if it does not
produce the results we claim. This
remedy is called Rexall "93" Hair
Tonic. We honestly believe it to be
the most scientific remedy for scalp
and hair troubles, and we know of
nothing else that equals it for ef-
fectiveness, because of the results it
has produced in thousands of cases.

Rexall "93" Hair Tonic is devised
to banish dandruff, restore natural
color when its loss has been brought
about by disease, and make the hair
naturally silky, soft and glossy. It
does this because it stimulates the
hair follicles, destroys the germ mat-
ter, and brings about a free, healthy
circulation of blood, which nourishes
the hair roots, causing them to tight-
en and grow new hair. We want ev-
erybody who has any trouble with
hair or scalp to know that Rexall
"93" Hair Tonic is the best hair tonic
and restorative in existence, and no
one should scoff at or doubt this
statement until they have put our
claims to a fair test, with the under-
standing that they pay us nothing
for the remedy if it does not give
full and complete satisfaction in ev-
ery particular. Two sizes, 50 cents
and \$1.00. Remember you can obtain
Rexall Remedies in Ada only at our

You Can Be a Better Cook

It isn't all in the "knack." The utensils you use go a long way toward making your
food fine and appetizing or ill-cooked and indigestible.

It's impossible to cook the best cookery in utensils that quickly scorch or crack and
scale off, rust and corrode. And such utensils are dangerous. Authorities say that
cancer comes of eating particles of glass chipped off from ordinary enamel ware when hot.

The heat expands the iron frame but the coating of glass—which is all enamel ware is—
does not expand so fast, consequently it breaks and gets mixed with the food.

There is no such danger from food cooked in up-to-date

"1892" Pure Spun Aluminum Ware

It can not crack, peel nor chip. It will not rust,
corrode, nor spoil food, and with harder use it
lasts years longer than any other ware.

We Guarantee It for 15 Years

"1892" PURE SPUN ALUMINUM is the ideal ware for all kitchen utensils—

You Mothers Who Have a Real Boy

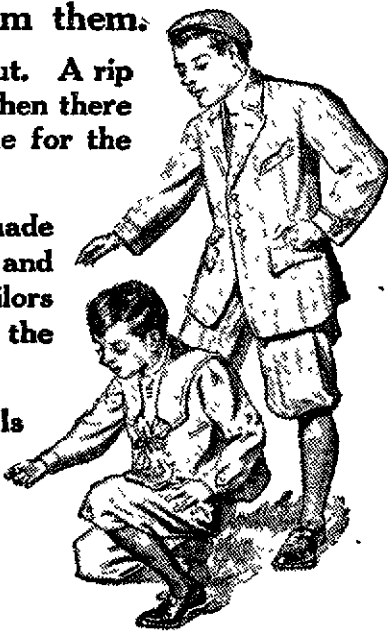

Here are real clothes. Not the fussy, fancy, impractical kind; but good, staunch, substantial garments with style and durability.

These are **XTRAGOOD** clothes. The real boy, with all his pranks, can't harm them.

The trousers are lined throughout. A rip or a tear is a thing unheard of. Then there is a fullness that makes it impossible for the boy to stretch them out of shape.

Style comes natural in clothes made like **XTRAGOOD**. The proportion and shape given the clothes by the tailors who make them remain a part of the garments to the end.

Only one store in town sells **XTRAGOOD**. That's this store. The new Spring styles are here now. Prices will attract you as much as the clothes. Both are right.

C. R. Drummond, Clothier For Men

The people of Ada have the rare opportunity of hearing Hon. Wm. H. Murray lecture tonight at the High school auditorium. Mr. Murray comes by invitation of President Briles of the Normal. The invitation was extended with no purpose or intention of furthering Mr. Murray's political aspirations but for the reason that the institutional life of the state and especially the educational institutions bear distinctly the impress of Mr. Murray's personality and influence. As president of the constitutional convention and speaker of the House of the first legislature he took a prominent and active part in everything pertaining to the educational system of the state. Mr. Murray has already visited the State University, the Agricultural and Mechanical College and the other Normal schools for the purpose of giving further study to the educational system of the state to the end that he may as a private citizen or in whatever official position he may occupy, lend his influence to an effort to further unify and systematize the educational forces of this state.

GORE'S LETTER TO BLIND PUPILS

Oklahoma Senator Sends Ray of Cheer Into Lives of Sightless Children.

New York, April 14.—The following letter from Senator Thomas P. Gore of Oklahoma to the blind pupils in New York public schools was read to them by their teachers today. "My Dear Little Friends: This note will bring you greetings and a message from one who has the highest and the most confident hope both for your happiness and your good fortune. If you are undismayed by difficulties and triumph over them your victory will be enhanced both in its worth and in its glory. Sincerely your friend, "THOMAS P. GORE"

Accompanying the letter, which will be printed for the pupils in raised letters with an embossed facsimile of the Senator's signature at the bottom, was a brief note of explanation from the superintendent of schools. "Senator Gore lost the use of his eyes when he was a child," said Supt. Maxwell, "but in spite of this affliction he has made himself a man of culture and a power in his state. He is now a member of the senate of

SENSATIONAL PLEA TO SET DIVORCE ASIDE

Enid Okla. April 13.—One of the
most sensational suits ever filed in
this portion of the state is that
brought in the district court here by
Mrs. Edyth A. Butler against Elias
A. Butler a former banker at Wau-
gomis in which she asks the court to
set aside the decree of divorce granted
her husband.

Butler is wealthy and at the time
the divorce was granted an unsuccess-
ful attempt was made to keep it
a secret. The Butlers were married
in Comanche county in 1902. They
have one child, a boy five years old.
Mrs. Butler alleges that when she
and Butler became engaged he repre-
sented himself to her as a single man
but that later she discovered he was
married and had one child. On as-
certaining these facts she tried to
break the engagement but Butler
says she pleaded with her not to do
so and that after a time he secured
a divorce and married her.

At the time of their marriage But-
ler was in the banking business at
Ringwood Oklahoma but shortly af-
terward took a claim in Greer coun-
ty. Mrs. Butler took care of the claim
while Butler conducted a loan agency.
Later she claims he sold the claim
and pocketed the proceeds.

No Success on Stage.

Mrs. Butler had ability as an elo-
cutionary reader and her husband
was a talented singer. When they
thought this over they decided to
go on the stage together and finally
went to New York. Failing to meet
with success they were compelled to
abandon the project. Returning to
Oklahoma Butler engaged in the
banking business at Waugomis. Sour-
ed and disappointed according to
Mrs. Butler he became sullen and
morose treating her cruelly.

Her condition became such that it
was necessary to remove her to Win-
field, Kansas and while she was ly-
ing there all abandoned and near
death's door her husband came to
her and told her he had filed suit
for divorce. He asked her for a
waiver or appearance which would
result in granting a decree of di-
vorce for Butler. She spurned his of-
fer and he went away.

Disbelieves in Marriage.
Later while she was still ill she
received a letter from him which
contained the following:

I do not believe in marriages. It
is a curse. I firmly believe
that the time is coming when there
will be a relic of barbarism. My
freedom I want and will have it if
I have to get it by self-destruction.
Afterward she alleges, she met
Butler in Enid when he shook his
fist in her face. On account of his
threats and promises and half-crazed
with pain and despair she signed the
papers he had demanded.

According to Mrs. Butler the evi-
dence he presented at the trial of the
case was false and Butler was en-
amored of another woman whom he
intended to make his wife.

WEST ASKS COUNTIES TO DEFEND RAILROAD SUITS

Guthrie Okla. April 14.—Attorney
General West has written letters to
the county attorneys of the various
counties affected by the railroad tax
suits recently filed in the federal
court here requesting that the coun-
ties themselves defend these suits.
He states that the acts of the state
board of equalization are not
brought into question, as in some
of the suits previously filed, and
that there is no occasion for him to
appear on behalf of the various coun-
ties.

by Deputy.

Frederick Okla. April 14.—Deputy
Sheriff Robert Carlyle today captur-
ed Alton Hinglass Robert Huntley

to have been the robbers who looted
the bank of Harrold Tex. early Wed-
nesday morning.

Alton was taken near Tipton and
the other two men were caught at
Humphries just across the North
Fork river in Jackson county.

Nearly half of the money taken was
in silver and \$1,582 was found on the
men when captured. The bags in
which they were carrying the silver
bore the name of the bank.

All of the accused refused to make

morning.

Returned From Sad Trip.

J. F. Jackson has just returned from Mulberry, Arkansas, where he has been upon the sad duty of attending the funeral of his mother, who died April 7th from the effects of a severe fall which she received last February, causing internal trouble which resulted in complications causing her death. Mrs. Jackson was 74 years of age and had not been sick a day for over a year up to the time that she was hurt. She leaves a husband and nine children, she being the mother of twelve, three of whom are dead.

BANQUET AND BALL.

Given at Hotel Doughey at Allen Last Night Was a Grand Success.

Reports from the opening banquet and ball given at the Doughey hotel at Allen last night indicates that the affair was a great success and all those attending enjoyed themselves to the limit. There were none of the state candidates present but all candidates for county office were there mixing with the boys and getting acquainted. At the banquet there were plates laid for over two hundred guests after which they adjourned to the ball room where they continued to enjoy themselves until the wee sma' hours this morning.

Tom McKeown and Robert Rainey made short talks which were agreeably received by all present.

There was a large delegation from Ada but up to going to press none of them have returned, therefore we are of the opinion that they were "out" rather late.

HEALTH HINTS.

That proclamation of the mayor reminds me it is time to speak again about FLIES and MOSQUITOES. These are the great enemies to health as well as to comfort. Why not make that proclamation DEFINITE, enough to cover the fly and the mosquito, and especially the FLY right now—the HOUSE FLY, the domestic fly, the musca domestica of the books, the typhoid fly of Dr. Howard. Let's wage war on the fly, a war of extermination. But where shall we begin? An ounce of prevention is worth many POUNDS of cure. Let's begin on his HATCHING places. The fly does not breed in tin cans, paper bags and trash piles, but in MANURE. To prevent the FLY we must clean up, or cover up all excrement. It must be put into a closed vessel, or treated with lime or some other insecticide every day or two, not once a year, or even once a month. "Use lime every time" should be the motto written on every horse stable, cow stall and privy in the town, and then let your "sanitary policeman" see that it is done. In our lesson yesterday morning we were told by the author of a very excellent book, "No man has the right (and ignorance can not be pleaded as an excuse to allow things to be bred upon his premises that may cause damage to his neighbor." The FLY will surely cause damage to my neighbor, THEREFORE, let us break up all breeding places of FLIES. But all are not going to do this, and here is where community interest comes in, and municipal authority must take hold.

G. T. HOWERTON, E. C. S. Normal School.

Miss Fulton entertained the Kill Kree Club at the home of Mrs. Billa yesterday afternoon. The time was spent in playing 42 and a pleasant time is reported by all the guests present.

An elegant two course luncheon was served.

Those present were Mesdames Chaney, Miller, Briles, Ligon and Sledge.

Help the Enumerator.

An army of 70,000 enumerators will commence work today taking the 1910 census. The enumerators, who are under oath for secrecy and full performance of duty in obtaining fully all the statistics as to population, etc., cannot prove worthy of the trust if you do not assist. You may be first questioned. Will you be in readiness with the desired information?

The questions are not of his prompting but of his superiors to whom he must make complete report. There should be no hesitancy in answering as you will appreciate. Every one person increases the total in population, every one head returned of live stock will insure interest, every one factor in the report of agriculture will awaken a desire to investigate the possibilities of Pontotoc county, therefore you should lead individual and united aid.

Oklahoma Man Whips Fifteen.

H. W. Sheridan, Southern Pacific superintendent in California, who was known as a fighting railroad man when he worked as a telegraph operator in Oklahoma, whipped fifteen hoboes Wednesday in a flat fight at Sacramento, Cal.

Sheridan was riding in a special train, inspecting the road. He saw a gang of hoboes burning ties on the right-of-way. He stopped the special train to investigate.

A Hot Scrap.

One of the tramps who appeared to be the leader, objected to the intrusion, whereupon Sheridan knocked him down. That precipitated a free-for-all fight and Sheridan found himself battling single-handed with fifteen brawny knights of the road.

Before the train crew could reach the scene Sheridan, with kicks and blows, had routed the entire crowd. The leader was knocked down four times. Sheridan used to be a brakeman in Utah and Nevada and he was a terror to the hoboes of the West.

Tells of Sheridan.

H. C. Robinson, local manager for the Western Union Telegraph company, is an old personal friend of Sheridan. "Sheridan is one of the most remarkable men I ever knew," he said Wednesday. "A long time ago when he was an express messenger he had the reputation of carrying his money on a shelf in the car and his boxing gloves in the safe."

"Still later as a freight conductor it was said of him that any one could ride on his train who would box ten rounds with him. About five years ago he drifted into Oklahoma City broke."

"I gave him a job as a telegraph operator and he worked about six months. He went from here to Texarkana, Tex., as trainmaster for the Missouri Pacific. He was later made yard master and still later went to Sacramento as assistant superintendent for the Southern Pacific. He has recently been promoted to superintendent."

"Sheridan stands six feet four in his stocking feet, weighs 240 pounds and is composed solely of bone, nerve and muscle."—Oklahoma City Times.

Roller Wins Easily.

Tulsa, April 14.—Dr. B. F. Roller, of Seattle, Wednesday night won two straight falls from young Hackenschmidt. The first fall was in 39 minutes with the hammer lock and head hold, and the second fall was in 8 minutes with a crotch and head hold.

Roller accepted the challenge of Oscar Wassem of Wichita, Kansas, who stated from the stage Wednesday night that he had been following roller, unable to get a match with him. Roller agrees to throw him twice in 45 minutes in Tulsa, April 18.

Roller accepted the challenge of George Hackenschmidt, the Russian giant, to meet him in Sidney, Australia, December 24.

Lone Wolf Sufferer.

Lone Wolf, Okla., April 14.—Five residences and about 15 barns and outhouses were practically demolished by the terrific windstorm, accompanied by a heavy rain, that struck here Wednesday night.

Only two persons were injured. Mrs. Gertrude Hartzog suffered a sprained ankle, and Charles Adams was seriously cut and bruised and his arm broken when his one-story house was blown over while he was inside.

The total estimated loss is only about \$1,500. No cattle were injured by the falling barns, and most of the buildings destroyed were of comparatively little value.

James Whitewright, with his wife and three children, ranging in age from five months up to 12 years, was driven from his home and forced to seek the shelter of a neighbor's roof.

For several hours after the rain started the town was in the grip of the wind and rain. Many flocked to the streets, preferring to become drenched rather than risk staying in their homes.

No hail accompanied the rain, and crops were vastly benefited by the down pour. There are no signs of a further storm.

Girl Aged Ten a Mother.

Chicago, April 13.—Officials of the juvenile court Tuesday began an investigation of the case of Annie Epps 10 years old, who gave birth to a girl baby at the county hospital several days ago. It was reported that the young mother and child were doing well.

The young mother's age has been investigated and it has been shown absolutely that she is just 10 years old, said a physician at the hospital. She is one of the youngest mothers known in this part of the world.

INTERSTATE CARRIERS

GO TO SUPREME COURT

Guthrie, Okla., April 14.—The interstate carriers doing business in Oklahoma Wednesday appealed to the supreme court of the state from the order of the corporation commission requiring them to establish general offices in the state by June 1. The corporation commission denied the application of the roads for a supersedeas order holding the order in abeyance pending appeal and the railroads ask the supreme court to issue such an order.

The railroads set up that the order violates the fourteenth amendment to the constitution and the commerce cause of the federal constitution requiring separate and distinct set of accounts and attempts to vest the authority of a general manager in the hands of a mere local agent, which is declared to be unreasonable and unjust.

Cloudburst and Windstorm.

Tuttle, Okla., April 14.—The worst
 cloudburst and wind storm ever seen
 in this part of the country struck this
 place, at 5:20 Wednesday afternoon,
 demolishing one church building, ser-
 viously damaging two more, wrecking
 the brick wall of a building under
 construction and literally flooding the
 entire town. The damage done to
 property is estimated at about \$5-
 000.

The Methodist church is a total
 wreck, as the building was first moved
 from its foundation after which
 the walls collapsed, crushing and
 demolishing the pews and other
 furnishings. The Christian church re-
 mained erect, but is moved off the
 foundation and the floor is sunken.
 It is not believed it will be possible
 to repair it so it will be safe for

public use. The Baptist church was
 moved about eight inches off the
 foundations at the rear end, but it
 can be repaired with but little ex-
 pense. Other church buildings are
 uninjured.

The east wall of the Barker brick
 building, now under construction was
 demolished or practically so as about
 half the wall was blown over. The
 rainfall was terrific, about 11 inches
 of water falling in the first 30 min-
 utes. The rain continued through-
 out the night and the total water fall
 was very heavy.

The rainfall in town is reported
 to have been heavier than elsewhere,
 and it is reported that all crops are
 practically uninjured.

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally
 Caused by Carelessness.

Dandruff is a contagious disease
 caused by a microbe which also pro-
 duces baldness. Never use a comb
 or brush belonging to some one else.
 No matter how cleanly the owner
 may be, these articles may be in-
 fected with microbes, which will in-
 fect your scalp. It is far easier to
 catch hair microbes than it is to get
 rid of them, and a single stroke of
 an infected comb or brush may well
 lead to baldness. Never try on any-
 body else's hat. Many a bathtub is
 a resting place for microbes.

If you happen to be troubled with
 dandruff, itching scalp, falling hair
 or baldness, we have a remedy which
 we believe will completely relieve
 these troubles. We are so sure of
 this that we offer it to you with the
 understanding that it will cost you
 nothing for the trial if it does not
 produce the results we claim. This
 remedy is called Rexall "93" Hair
 Tonic. We honestly believe it to be
 the most scientific remedy for scalp
 and hair troubles, and we know of
 nothing else that equals it for ef-
 fectiveness, because of the results it
 has produced in thousands of cases.

Rexall "93" Hair Tonic is devised
 to banish dandruff, restore natural
 color when its loss has been brought
 about by disease, and make the hair
 naturally silky, soft and glossy. It
 does this because it stimulates the
 hair follicles, destroys the germ mat-
 ter, and brings about a free, healthy
 circulation of blood, which nourishes
 the hair roots, causing them to tight-
 en and grow new hair. We want ev-
 erybody who has any trouble with
 hair or scalp to know that Rexall
 "93" Hair Tonic is the best hair tonic
 and restorative in existence, and no
 one should scoff at or doubt this
 statement until they have put our
 claims to a fair test, with the under-
 standing that they pay us nothing
 for the remedy if it does not give
 full and complete satisfaction in ev-
 ery particular. Two sizes, 50 cents
 and \$1.00. Remember you can obtain

You Can Be a Better Cook

It isn't all in the "knack." The utensils you use go a long way toward making your
 food fine and appetizing or ill-cooked and indigestible.

It's impossible to do the best cookery in utensils that quickly scorch or crack and
 scale off, rust and corrode. And such utensils are dangerous. Authorities say that
 cancer comes of eating particles of glass chipped off from ordinary enamel ware when hot.

The heat expands the frame but the coating of glass—which is all enamel ware is—
